|----------------|--------------------------|
| Species XI. | Fig. 12; |
| Species XII. | Figs. 13-15; |
| Species XIII. | Figs. 16 and 17; |
| Species XIV. | Figs. 21-23; |

Applicants respectfully traverses the present election requirement on the basis that groups XII and XIII should be grouped together since they contain essentially the same construction of the pouch with the only difference being the location of the plug. Reconsideration of the groupings is earnestly solicited.

In the event that the Examiner is not willing to combine groups XII and XIII into one group, Applicants respectfully hereby provisionally elect Species XII, Figs. 13-15 for further prosecution on the merits. Applicants respectfully submit that claims 1-7, 21, 22, 25, 29, and 30 are readable on the elected Species (Group XII) and therefore, examination of these claims is in order.

Applicant hereby reserves the right to continue prosecution of the non-elected claims in a divisional application.

It is believed that the present communication is fully responsive to the outstanding Office Action.

An action on the merits of all the claims and a Notice of Allowance thereof are respectfully requested.

Dated: December 2, 2005

Respectfully submitted,
